Announcing our Fall Series:

Let's Talk About Autism

Our summer series was focused on Coordination of Care. The workshop on coordinating service providers is available on the website. The workshop on coordinating with schools is being revised—because, well, things have changed for the time being! Finally, because we are all definitely in “summer” mode, we are rescheduling the workshop on helping your extended family understand autism and ABA and making it a part of our fall series.

Mark your calendars now for the Fall Series: Let's Talk About Autism!

All workshops will continue to be via Zoom and a recorded version will be available. The registration form for each will be sent out approximately a week before each workshop.
